- **Thinner/Cleaner:**
  - Brush Kaleidoscope Thinner 2000
  - Roller Kaleidoscope Thinner 2000
  - Spray Kaleidoscope Thinner 2003

- **Flash Point:**
  39°C (102°F)
General Surface Preparation:

New and Unpainted:
Ensure surface is dry and cleaned free of all dust, dirt, oil, grease, mortar splashes and other debris.

Masonry: Poured concrete must be allowed to cure for at least 60 days, while cement plaster/rendering should be for 30 days. Fill any defects with appropriate masonry filler.

Wood: Fill any cracks, crevices, holes, etc. with Kaleidoscope Linseed Oil Putty. Rub down with abrasive paper to obtain a smooth finish. Apply 2 thin coats of Kaleidoscope Knotting Varnish to all knots.

Metal: Clean to Hand Tool finish SSPC-SP-2 or Power Tool finish SSPC-SP-3.

Previously Painted:
Remove any loose, flaking, peeling and semi-adherent paint to obtain a clean, firm, sound surface. Fill surface defects and treat as for New & Unpainted.

Treatment for Algae & Fungus Infection:
Use water to wash affected areas thoroughly. Dilute 1 part Domestic Bleach with 1 part water and apply liberally, by brush or sponge, to the areas. Follow with one application of Kaleidoscope® Sterilising Solution and allow to dry overnight.
